Re: Avery Landing Petroleum Contamination

Dear Mr. McNichols:

Enclosed please find an example of a Consent Order entered into for the remediation of groundwater contamination. As you can in paragraph #7, Westpark agreed to remediate without the admission of any liability. In paragraph #15, the state agreed to reasonably cooperate with Westpark in obtaining information to establish responsibility for a clean up of the site.

All of the Division's Consent Orders are developed on a case-by-case basis and the above Consent Order is being provided to you only as an example. The Division and Potlatch may reach an entirely different agreement concerning the clean up of the Avery Landing site.

I look forward to meeting with you on July 6, 1989 to discuss this matter in greater detail. If you have any questions in the meanwhile, please feel free to contact me.

Sincerely,

Susan A. Burke  
Deputy Attorney General
